SEASONAL COLLECTION

As seasons, spring and summer bring with them all manner of pairings, both traditional and unexpected. Scabal's new-season showings are no different. Whether it's mixing mohair and wool with a Caribbean twist, redefining denim with world-beating cotton blends, or fashioning cashmere into a summer staple, innovation abounds. In more subtle ways, too: enhancing crease-resistance; increasing breathability; intricate stitching... Elsewhere, new life is breathed into old classics with shifting colour palettes, dashing design details and modish modifications to complete a stand-out season of Scabal creations.

DENIM DELUXE

100% Makó Cotton

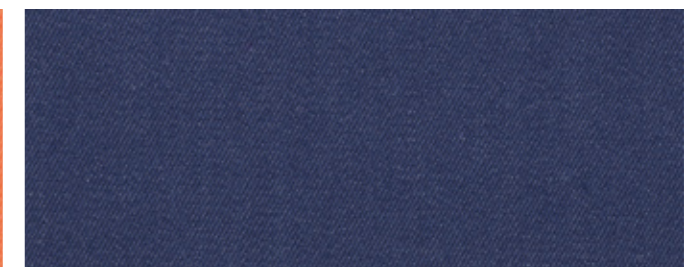

Created in France, popularised in America, reinvented in Egypt... These eight prestigious plain shades are crafted from Egyptian-spun Mako cotton: the most luxurious in the world.

The rich satin-like feel is the result of the very finest yarns being spun smoother, finer and stronger than any others. The 3/1 twill and light contrast looks decidedly denim, but the soft touch and distinguished drape elevate the Deluxe collection to luxurious new heights.

SILVER GHOST

100% Super Fine Merino Wool

The Rolls Royce Silver Ghost first roared onto roads in 1906 and was quickly dubbed 'the best car in the world'. It's been turning heads ever since, much like this namesake collection is set to do for years to come.

Modern, refined, practical: this is a choice collection for on-the-go business wear. Its 100% super-fine merino wool construction ensures quality; the plain weave preserves a suit's shape and sharpness. With 67 designs, it is versatile too – choose from 12 plains (including four blue melange), a host of checks, overchecks, pinheads, microstructures and a suite of sophisticated stripes.

KINGSTON BAY

Super 100's & Mohair

There's an old Jamaican proverb that states 'a bucket with holes in the bottom has no business at a riverside'. To be sure of looking the business at any sun-speckled riverside, however, all compasses point to the Kingston Bay collection.

This luxury lightweight cloth is a deft, airy blend of Super 100's wool and mohair with cool-dry qualities and a rich shine. Light striped, semi-striped or in simple plains, the finish is sober, sophisticated and a summer stand-out, worthy of its Caribbean moniker.
